3 Bedroom, 2.00 Bathroom, 1,120 sqft
Residential on 6 Acres

Rural, Science Hill, KY

NEW TO THE MARKET! This brick home and beautiful 5.97 acres have never been on the market! Built in 1969, this 3-bedroom 2 bath farmhouse is ready to be yours! The main level holds all bedrooms and 1 full bath. The washer and dryer are also on the main level. The full basement is perfect for storage or that always wanted man cave. Easily walk out of the basement onto the bottom patio and out into the back yard. The Hot water heater is only 2 years old, and the roof is only 3 years old. Enjoy sitting on the covered porch or under the covered gazebo all year long. With a 35x27 barn close to the house, it makes for a great space for almost any vehicle, trailer or lawn equipment, or even just a great place to hang out with friends and family. There's also a 30x39 barn with a 15ft wide covered shed in the field that would be great for farm equipment, campers or boats. The land has been used for cutting hay the last several years, and there is a small stream of water that runs through the property. This perfect farm feel is just minutes from downtown Science Hill, yet as quiet as you could imagine. This one is a Must See!
