4 Bedroom, 3.00 Bathroom, 3,039 sqft
Residential on 17 Acres

Rural, Georgetown, KY

Minutes from downtown Georgetown, Toyota and to the Horse Park, this custom built, all brick ranch with 16.5 acres is surrounded by beautiful views and space to roam. Black plank fences and gently rolling hills make a perfect landscape for it. Built in 2004, this property has been well cared for and maintained. Details include: 4 bedrooms, 2.5 baths, a home office tucked inside the primary bedroom suite, dining room, eat in kitchen and great room with fireplace. Most of the home is on a single level, however, a spacious finished area located over the garage is noted as a 4th bedroom for this listing. The large utility room, convenient to the garage entry, is on the main floor and the full unfinished basement offers over 2600 square feet of blank canvas for you to finish as you'd like. Additionally, the 75'x40' insulated metal building with slab floor, water, electric and large doors on each end is a short walk from the back door of the house. A third structure on the property is a wood barn, also with water. A survey was completed that separated the property into 2 tracts but not recorded. Two restrictions are: 1. No Kennels; 2. No rentals shorter than 12 months.

Built in 2004
