3 Bedroom, 3.00 Bathroom, 3,232 sqft
Residential on 7 Acres

Rural, Baxter, KY

Tucked away on 7.35 wooded acres, this private and secluded 3-bedroom, 3-bathroom home with 2,487 square feet of living space feels like your own retreat in the forest. A large deck wraps around the home, creating the perfect spot to enjoy morning coffee, quiet evenings, or gatherings with family and friends. Inside, natural light fills the rooms and highlights a warm living room with a fireplace that makes winter nights cozy. The kitchen is a space you will truly enjoy spending time in, and the finished basement adds even more room for family, hobbies, or guests. The master bedroom is located on the first floor and features its own ensuite bathroom and walk-in closet for comfort and convenience. The setting in Baxter adds to the appeal, with its natural beauty and peaceful surroundings that make everyday life feel calmer and more connected to nature. This home does need a few finishing touches, and the upstairs HVAC unit is not currently functioning. It has been priced with these considerations in mind. What it offers in return is something harder to find: timeless character, plenty of space, and the privacy that comes with a true wooded retreat.
