3 Bedroom, 2.00 Bathroom, 960 sqft
Residential on 10 Acres

Rural, Somerset, KY

The perfect country homestead! Welcome to 1974 State Hwy 1675! This 10 acre property offers versatility. The manufactured home that sits at the forefront of the property offers a cozy vibe inside and out! This home has received several upgrades in recent years, including new heating and AC installed in February of 2019, a new water heater installed in 2020, a new septic tank installed in early 2016, and brand new flooring installed in the primary bathroom in September 2025! It has a propane based fireplace and a newer covered side porch built in recent years. One of the property's best features is situated across the road on the same parcel of land; a tall 40x96 metal building having concrete floors, partial insulation, left & right roll up doors sitting on it's own electric meter that offers endless uses. Store your recreational vehicles, turn it into a barn, make it a workshop, or even transform it into a Barndominium! You will be amazed when you go inside! A separate home, and former store sits beside the primary house on the property. Both offer plenty more storage space, or they can be turned into additional homes in order to create a true family homestead since the infrastructure is there. Located just off of the Hal Roger's Parkway, your location couldn't be more superb. Most of the land behind the main home is timbered, offering privacy and a sound buffer from neighboring properties. All that is left, is is for you to tour this Somerset property!
