2 Bedroom, 1.00 Bathroom, 784 sqft  
Residential on 10 Acres

Rural, McKee, KY

10 Private Acres with Year-Round Stream, Barn & Hilltop Homesite Potential. Tucked away in a quiet rural setting, this 10-acre property offers the kind of peace and space that's getting harder to find. Whether you're looking to slow things down, start a homestead, or invest in land with future potential, this property gives you room to do it your way. A 2-bedroom, 1-bath single-wide mobile home sits on the property, along with a 12' x 32' storage building and a 24' x 30' metal pole barn—ready for equipment, animals, or weekend projects. A spring-fed stream winds through the land year-round, creating a natural focal point and adding to the calm, secluded feel. Toward the back, wooded acreage provides privacy and a buffer from the outside world, while the open ground near the barn is well-suited for a garden, small pasture, or simple country living. Beyond the woods, approximately 4-6 level acres (per a PVA tax assessor) sit atop the hill—offering a beautiful opportunity for a future homesite, additional structures, or expanded use. This is a property with options. Live in it, rent it, build on it, or simply enjoy it as a weekend retreat. The setting is peaceful, the layout is functional, and the potential is yours to shape. Come walk the land and see what it could become.
